(a) each interest to which a permission relates; and

(b) any conditions on, amendments to, or revocation of the permission.

23AD Consequences of failing to comply with section 23AB or 23AC

(1) The Authority must notify the Minister of a failure to comply with section 23AB or 23AC, and of the acts or matters affected, as soon as practicable after becoming aware of the failure.

(2) A failure to comply with section 23AB or 23AC does not affect the validity of an act or a matter.

(3) However,—

(a) the chairperson may reverse any decision made by the Authority under any of sections 28 and 36 to 41A if the decision was an act affected by a failure to comply with section 23AB or 23AC; and

(b) a person may still apply, in accordance with law, for judicial review.

Performance reviews

23A Performance reviews

(1) As at 1 October in a year determined under subsections (2) and (3), and in every fifth year thereafter, there shall be carried out, in accordance with this section, a review of how effectively and efficiently the Authority is performing in terms of the policies, procedures, and strategies of the Authority (in this section referred to as a performance review).

(2) If, more than 4 months before 1 October in 1992 or 1993 the Authority decides that the first performance review is to be carried out as at that day, it shall be carried out as at that day.

(3) Subject to subsection (2), the first performance review shall be carried out as at 1 October 1994.

(4) While a performance review shall relate to—

(a) the Authority’s performance at the day as at which the review is carried out; and

(b) the Authority’s prospective future performance,—
the person carrying it out shall have regard to its performance during the 5 years before that day.

(5) The terms of reference for every performance review shall be—
(a) agreed by the Minister and the Authority; or
(b) subject to subsection (6), specified by the Governor-General by Order in Council, made on the recommendation of the Minister.

(6) The Minister shall not recommend the making of an order under subsection (5) in relation to any performance review unless the Minister—
(a) has (at least 2 months before the day as at which the review is to be carried out) consulted the Authority as to the terms of reference for the review; and
(b) is satisfied that he or she and the Authority are unlikely to be able to agree terms of reference before that day.

(7) Subject to subsection (8), every performance review shall be carried out by a person appointed by the Minister and the Authority jointly.

(8) Where the Minister and the Authority have not appointed a person to carry out a performance review at least 1 month before the day as at which it is to be carried out, it shall be carried out by a person appointed by the Minister.

(9) For the purposes of this section, how efficiently and effectively the Authority is performing includes—
(a) the extent (if any) to which the Authority has established objectives for the performance of its functions; and
(b) any such objectives established; and
(c) the extent (if any) to which the Authority has achieved any such objectives established; and
(d) the extent (if any) to which the Authority has put in place policies and strategies to use its resources effectively and efficiently for the purpose of achieving its objectives; and
(e) any such policies and strategies put in place; and
(f) the manner in which any such policies and strategies put in place were put in place;—
but the fact that any other matter is agreed or specified under subsection (5) is conclusive evidence that it relates to how efficiently and effectively the Authority is performing.

(10) Every person who carries out a performance review shall, after carrying it out, prepare a written report on the conclusions the person reached as a result of carrying it out; and shall give copies of the report to the Minister and the Authority.
(11) The Authority shall pay the reasonable costs of every performance review; and the person carrying it out may recover those costs accordingly as a debt due to the person.

(12) The reasonable costs of a performance review are—

(a) the remuneration agreed on the appointment by the Minister and the Authority (or, as the case may be, by the Minister) of the person carrying it out to be paid to the person for carrying it out and reporting to the Minister and the Authority; and

(b) the person’s reasonable costs in doing so.

Part 2
Prescribed products

24 Order in Council may declare product to be prescribed product

(1) The Governor-General may, by Order in Council made on the recommendation of the Minister,—

(a) declare any product to be a prescribed product; and

(b) recognise for the product any product group that is a body corporate.

(2) The Order in Council—

(a) shall specify whether the product is to be subject to export licensing in accordance with Part 3; and

(b) [Repealed]
(c) where the product is a species that contains a number of varieties or cultivars, may exclude from that product any specified variety or cultivar.

(3) An Order in Council made under this section may be amended or revoked only in accordance with section 31(2) or section 32 or section 33.

(4) Subsection (1) is subject to sections 25 and 25A.

25 Requirements to be met before prescribed product declared

(1) The Minister must not recommend the making of an Order in Council under section 24 unless—

(a) the product group has asked the Minister to make the recommendation; and

(b) the Minister is satisfied, in accordance with section 25A, that the producers and exporters of the product support the making of the recommendation; and

(c) the Minister is satisfied that the group would be suitable to carry out the functions of a recognised product group under this Act; and

(d) the Minister has decided whether 1 or more varieties or cultivars should be excluded from the product.

(2) For the purposes of subsection (1)(c), the Minister must have regard to—

(a) the size and nature of the product group’s membership; and

(b) the extent to which the membership of the group fairly represents the full range of producer interests in the product concerned; and

(c) the extent to which exporters of the product concerned are represented on the group; and

(d) the existence, size, and nature of other product groups for the product, and the relationship between any such groups and the product group; and

(e) the views of the Authority on the suitability of the group to be a recognised product group for the purposes of this Act; and

(f) any other matters that appear relevant to the Minister.

(3) For the purposes of subsection (1)(d), the Minister must have regard to—

(a) whether there is opposition that is real and of substance from producers or exporters of the variety or cultivar to its inclusion within the proposed order; and
the extent to which exclusion of the variety or cultivar would prejudice
the export marketing, as a prescribed product, of the product in question.

Section 25: replaced, on 13 December 2016, by section 15 of the New Zealand Horticulture Export
Authority Amendment Act 2016 (2016 No 99).

25A Product group must demonstrate support for proposal

(1) The condition described in section 25(1)(b) is met if the Minister is satisfied
that—

(a) the product group has properly and fairly conducted the process decided
on by the Minister under this section (see subsection (5)); and
(b) that process has demonstrated that the producers and exporters of the
product support the proposal (see subsection (6)).

Minister must determine process for demonstrating support

(2) The Minister must, after a product group asks the Minister to recommend the
making of an Order in Council under section 24, decide whether it is more ap-
propriate for the group to demonstrate support for the proposal through—

(a) a vote by postal ballot of the producers and exporters of the product; or
(b) a vote at a meeting of the product group—

(i) at which every producer or exporter of the product is entitled to
speak and to vote (whether or not the producer or exporter is a
member of the group); but
(ii) that is otherwise an annual general meeting or special meeting
held in accordance with the group’s rules.

(3) In deciding on the more appropriate process, the Minister must have regard
to—

(a) the number of producers and exporters of the product; and
(b) the extent (if any) to which the ability of producers to attend a meeting
may be adversely affected by the geographic distribution of produc-
ers’—

(i) principal places of business (in the case of producers that are bod-
ies corporate); or
(ii) principal places of residence (in the case of producers who are
natural persons).

Product group must demonstrate support by conducting process

(4) After the Minister has decided on the process, the product group must conduct
that process and then give to the Minister—

(a) the results of the votes cast; and
(b) any information requested by the Minister that he or she reasonably
needs to be satisfied that the process—
(i) was properly and fairly conducted; and
(ii) has demonstrated that the producers and exporters of the product support the proposal.

(5) A process is properly and fairly conducted if—
(a) the proposal and its implications are clearly and accurately communicated to the producers and exporters of the product; and
(b) the producers and exporters are given a reasonable and equal opportunity to vote and, if the vote is held at a meeting of the product group, also to speak at that meeting.

(6) A process demonstrates that the producers and exporters of the product support the proposal if the following persons vote in support of the proposal:
(a) 60% or more of the producers of the product; and
(b) 60% or more of the exporters of the product; and
(c) producers of 60% or more of the product; and
(d) exporters of 60% or more of the product.

(7) For the purposes of subsection (6),—
(a) the percentage specified in subsection (6)(a) must be calculated as a percentage of the total number of voters who produced the product for export at any time during the 2 years immediately before the date of the vote:
(b) the percentage specified in subsection (6)(b) must be calculated as a percentage of the total number of voters who exported the product at any time during the 2 years immediately before the date of the vote:
(c) the percentage specified in subsection (6)(c) must be calculated as a percentage of the total value of product that was—
(i) produced by the producers who voted; and
(ii) produced for export in the 2 years immediately before the date of the vote:
(d) the percentage specified in subsection (6)(d) must be calculated as a percentage of the total value of product that was—
(i) exported by the exporters who voted; and
(ii) exported in the 2 years immediately before the date of the vote.

(8) In this section,—

proposal means the proposal that the Minister recommend the making of an Order in Council under section 24
value means the free on board value of the product as specified in the declaration attached to, or forming part of, the customs entry for the product.

Export marketing strategy to be formulated where product subject to export licensing

26 Export marketing strategy to be formulated where product subject to export licensing

(1) The recognised product group for a product that is specified by Order in Council to be subject to export licensing shall, as soon as practicable after the making of that order, formulate an export marketing strategy for the product.

(2) The export marketing strategy must set out—

(a) the general marketing objectives for the export of the product and the means by which those objectives are to be achieved; and

(b) the anticipated costs of giving effect to the strategy and how those costs are to be funded.

(2AA) The export marketing strategy may also do 1 or both of the following:

(a) specify up to 5 tiers of licence that are distinguished on the basis of—

(i) the markets to which a licensed exporter may export the product; and

(ii) the requirements that apply to licensed exporters exporting to those markets:

(b) include matters relating to—

(i) the distribution, transport, form (including grade standards), production, promotion, market development, selling, and export price reporting of the product; and

(ii) the provision of export market information, and product and market research; and

(iii) the auditing of compliance with, and the effectiveness of, the strategy.

(2AB) Requirements of the kind referred to in subsection (2AA)(a)(ii) may relate only to the matters specified in subsection (2AA)(b)(i) to (iii).

(2AC) An export marketing strategy that specifies more than 1 tier of licence must rank the tiers of licence from the lowest to the highest tier.

(2A) The export marketing strategy must not include—

(a) a limitation on the volume of the product to be exported to any market, or to any part of a market:

(b) a limitation on the number of exporters to be licensed to export to any market, or to any part of a market.

(2B) [Repealed]

(3) In formulating the export marketing strategy, the recognised product group shall consult with—
(a) all other associations or bodies representing producers or exporters, or both producers and exporters, of the prescribed product; and

(b) where practicable, other persons or bodies who are likely to be specially affected by the provisions of the export marketing strategy; and

(c) such other persons or bodies involved with the carrying out of research into the product, or the provision of transport or packaging or other export-related services for the product, as the product group thinks fit.

(4) The recognised product group shall, after formulating the export marketing strategy, submit it to the Authority for approval under section 28, together with details of its consultations with the associations, persons, and bodies referred to in subsection (3).

27 Export marketing strategy to be kept under review

(1) The recognised product group for a prescribed product shall keep its export marketing strategy under review with a view to determining whether, in light of changing circumstances or new developments, it is necessary or desirable to replace or amend or revoke the strategy.

(2) The recognised product group may, after such consultation with the persons specified in section 26(3) as is reasonable having regard to the extent of any proposed change, submit to the Authority for approval any proposal to replace or amend the export marketing strategy, together with details of the consultations carried out on the proposal.

(3) The Authority may at any time, of its own motion or at the request of any producer, exporter, or other interested party,—

(a) require the recognised product group to carry out a general review of its export marketing strategy; or

(b) recommend to the recognised product group that any particular provision or part of the strategy be reviewed or amended or revoked.

(4) [Repealed]
(5) [Repealed]

27A Changes to tiers of licence

How tiers of licence may be changed

(1) The recognised product group for a prescribed product may propose 1 or both of the following when submitting a proposal to replace or amend an export marketing strategy under section 27:

(a) that new tiers of licence be added;

(b) that existing tiers of licence be removed or amended (including by amending matters of the kind specified in section 26(2AA)(a)(i) and (ii)).

(2) The recognised product group must not submit the proposal until at least 1 year after the later of the following dates:

(a) the date on which the Authority first approved the export marketing strategy;

(b) the date on which the Authority most recently approved a proposal to amend or replace the export marketing strategy in a way that included adding, removing, or amending tiers of licence.

Effect of change on existing licences

(3) On and from the date that the proposal comes into force, the holder of an existing licence for the prescribed product must be treated as if the person holds—

(a) the lowest tier or tiers of licence needed to export the product to the market or markets covered by the existing licence immediately before the proposal came into force; or

(b) any lower tier or tiers of licence notified in writing to the Authority by the holder of the existing licence.

(4) As soon as practicable after a proposal comes into force or notice is given in accordance with subsection (3)(b),—

(a) the Authority must provide the holder of an existing licence with written confirmation of the new tier or tiers of licence; and

(b) the Registrar appointed under section 17 must amend the register so that it records the new tier or tiers of licence.

28 Approval of export marketing strategy or proposal to replace, amend, or revoke strategy

(1) After considering a strategy or a proposal submitted to it under section 26 or section 27, the Authority may, if it considers that—

(a) there has been insufficient consultation; or
(b) the provisions of the strategy or proposal are in any way unreasonable or defective; or
(c) there is opposition that is real and of substance to any of the provisions of the strategy or proposal,—

refer the strategy or proposal, together with any recommendation of the Authority, back to the recognised product group for review or further consultation.

(2) The Authority shall not approve an export marketing strategy or proposal unless satisfied that—

(a) the consultations referred to in section 26(3) or section 27(2) have taken place; and
(b) having regard to the general requirement under Part 3 for licensed exporters to carry out their operations in such a way as not to prejudice the strategy, the terms of the strategy or proposal are reasonable; and
(c) the long-term effectiveness of the marketing for export of the product concerned would be enhanced by (as the case may be)—

(i) conducting it in accordance with the strategy proposed (rather than have no strategy at all); or
(ii) conducting it in accordance with the proposed replacement strategy (rather than in accordance with the current strategy); or
(iii) conducting it in accordance with the current strategy as proposed to be amended (rather than in accordance with that strategy in its present form).

29 Date of coming into force of approved strategy or proposal for purposes of export licensing

(1) Where the Authority approves a strategy or a proposal under section 28, it shall fix a date on which the strategy or proposal will come into force for the purposes of Part 3.

(2) In fixing any date under this section, the Authority shall—

(a) consult with the recognised product group; and
(b) ensure that the date fixed allows for such notice of the terms of the strategy or proposal to exporters of the product as is reasonable having regard to the content of the strategy or proposal; and

(c) where practicable, and unless there is good reason to the contrary, ensure that any strategy or proposal for change comes into force at a time that falls between the main export seasons for the product.

(3) The Authority may at any time, after consultation with the recognised product group, amend any date fixed under this section to a later date, and where this occurs the strategy or proposal shall not come into force until that later date.

30 Notification of approval of strategy or proposal

(1) Where the Authority first approves an export marketing strategy for a prescribed product, it shall—

(a) by notice published in the Gazette, specify—

(i) the date on which it approved the strategy; and

(ii) the date fixed under section 29 for the coming into force of the strategy; and

(iii) that, from the date fixed for the coming into force of the strategy, any person who wishes to export the prescribed product will be required to hold an export licence that allows the licence holder to export the product to the intended market; and

(iv) the method by which application may be made for an export licence; and

(b) supply a copy of the written notice to the Minister, the recognised product group, and those associations, persons, and bodies notified to the Authority under section 26(4) as having taken part in consultations on the formulation of the strategy; and

(c) cause the notice to be published in such trade journals or other publications as the Authority thinks fit; and

(d) as soon as is practicable in the circumstances, supply a copy of the strategy to every licensed exporter of the product.

(2) Where the Authority approves any proposal to replace, amend, or revoke an export marketing strategy, it shall—

(a) notify the recognised product group accordingly; and

(b) supply a copy of the terms of the proposal to every licensed exporter of the product, and notify every such exporter of—

(i) the fact and date of its approval; and

(ii) the date fixed under section 29 of the coming into force of the proposal.
Where the Authority amends any date fixed for the coming into force of a strategy or proposal under section 29(3), it shall—

(a) where the date relates to the first approved marketing strategy for the product,—

(i) publish the amended date in the Gazette, and such trade journals or other publications as the Authority thinks fit; and

(ii) notify the persons and bodies specified in subsection (1)(b); and

(b) in every case, notify the amended date as soon as possible to the recognised product group and to all licensed exporters of the product.

Amendment or revocation of Order in Council declaring product to be prescribed product

31 Amendment or revocation of Order in Council

(1) The Governor-General may from time to time, on the recommendation of the Minister in accordance with section 32 or section 33,—

(a) amend an Order in Council made under section 24 by—

(i) adding or deleting any specification that the product is to be subject to export licensing; or

(ii) substituting a different recognised product group for that named in the order; or

(iii) excluding any specified variety or cultivar of the product to which the order relates; or

(b) revoke any such Order in Council.

(2) Notwithstanding subsection (1), or anything in sections 32 and 33, the Governor-General may from time to time, by Order in Council, amend any Order in Council made under section 24 for the purpose of correcting any error or making any minor or technical amendment.

32 Requirements to be met before Minister may recommend amendment of Order in Council

(1) The Minister shall not recommend any amendment of an Order in Council made under section 24 that would render the product concerned subject to export licensing unless the requirements specified in section 25 in relation to the original Order in Council are also met in relation to the proposed amendment.
(2) The Minister shall not recommend any amendment of an Order in Council made under section 24 that would delete any specification that the product is subject to export licensing unless—
   (a) the recognised product group so requests; or
   (b) the Minister, after consultation with the Authority, the recognised product group, and any other persons that the Minister thinks fit, is satisfied that it is not in the interests of the export marketing of the product that the product continue to be subject to export licensing.

(3) The Minister shall not recommend any amendment of an Order in Council made under section 24 that would substitute a different recognised product group for that named in the order unless—
   (a) the product group named in the order so requests; or
   (b) the Minister, having regard to the matters specified in section 25(2), considers that another product group would be more suitable to carry out the functions of a recognised product group in respect of the product, and that other product group is willing to be named as the recognised product group.

(4) Before recommending any amendment of an Order in Council made under section 24 that would exclude any specified variety or cultivar from the order, the Minister shall—
   (a) consult with the Authority and the recognised product group; and
   (b) have regard to the matters specified in section 25(3).
33 Requirements to be met before Minister may recommend revocation of Order in Council

The Minister shall not recommend the revocation of an Order in Council made under section 24 unless—

(a) the recognised product group so requests and the Minister is satisfied, in accordance with section 25A (which applies with any necessary modifications), that the producers and exporters of the product support the making of the recommendation; or

(b) the Minister is satisfied that the recognised product group is no longer in existence; or

(c) the Minister, after consultation with the Authority, the recognised product group, and any other persons that the Minister thinks fit, is satisfied that—

(i) the recognised product group is no longer able or suitable to carry out its functions under this Act; or

(ii) it is not in the interests of the export marketing of the product that it continue to be a prescribed product; or

(iii) it is not in the wider public interest that the product continue to be a prescribed product.

Section 33 heading: amended, on 19 December 2002, by section 5 of the New Zealand Horticulture Export Authority Amendment Act 2002 (2002 No 70).

Part 3

Export licensing

34 Exporters of prescribed product to hold export licence

(1) A person may export a prescribed product only if the person holds an export licence that allows the licence holder to export the product to the intended market.

(2) However, subsection (1) does not apply to the export of a product—

(a) which is not specified by Order in Council made under this Act to be subject to export licensing; or
(b) before the date fixed in accordance with section 29 as that on which the first approved export marketing strategy for the product will come into force; or

c) in accordance with the conditions of a certificate of exemption issued under section 40.

(3) For the purposes of this section, any person who has applied for an export licence before the date referred to in subsection (2)(b) shall be deemed to hold an export licence until the date on which the Authority notifies that person of its determination of the application.

(4) Every person who exports any prescribed product in contravention of this section commits an offence and shall be liable on conviction to a fine not exceeding $50,000.

Section 34(4): amended, on 1 July 2013, by section 413 of the Criminal Procedure Act 2011 (2011 No 81).

35 Application for export licence

(1) Every application for an export licence shall—

(a) be made in writing addressed to the Authority on a form to be provided for that purpose by the Authority, and signed by or on behalf of the applicant; and

(b) be accompanied by the prescribed fee (if any).

(2) An application may be accompanied by any evidence the applicant thinks fit relating to the matters referred to in section 36(1).

(3) An applicant may make a statement in writing to the Authority, setting forth such information or comment as the applicant considers will assist the Authority in its consideration of the application.

36 Grant of licence or provisional licence

(1) As soon as practicable after receiving an application under section 35, the Authority shall consider it and shall grant an export licence to the applicant if, and
only if, the Authority is satisfied (on the basis of evidence put before it by the applicant) that the applicant—

(a) has adequate experience and competence in international marketing and in handling export product; and

(b) is of sound financial standing and of sound business repute; and

(ba) is likely to be competent in handling, exporting, and marketing the product for which the licence is sought, having regard to any relevant requirements that—

(i) are specified in the current export marketing strategy for the product; and

(ii) apply in relation to that licence; and

(bb) understands the current export marketing strategy for the product, and is willing and able to carry on its business in a way that does not prejudice that strategy; and

(c) either—

(i) has not been convicted of an offence relating to the export of the product for which the licence is sought, or to exporting generally, and has not had any previous licence revoked; or

(ii) having been convicted of such an offence, or having had any previous export licence revoked, is nevertheless likely to carry out exporting operations properly.

(1A) The Authority shall not grant an export licence to an applicant without first—

(a) asking the recognised product group concerned for its views on—

(i) the applicant’s suitability as an exporter of the product for which the licence is sought, having regard to any requirements that—

(A) are specified in the current export marketing strategy for the product; and

(B) apply in relation to that licence; and

(ii) the likelihood that the applicant would carry on export operations in a way that would not prejudice the current export marketing strategy for the product; and

(b) considering all views received from the group within a reasonable time of asking.

(2) Where an applicant lacks experience in international marketing or in handling export product, but otherwise fulfils the criteria set out in paragraphs (b) to (c) of subsection (1), the Authority shall grant the applicant a provisional licence valid for such period (being a period of not less than 2 years) as may be specified in the licence.
Where, after considering an application, the Authority is not satisfied that it should grant a licence or provisional licence, or determines that it should grant a provisional licence only, it shall appoint a convenient time and place for hearing the application, and shall give at least 14 days’ notice of the hearing to the applicant.

For the purposes of any hearing under this section,—

(a) no person (other than the applicant and any person representing the applicant) shall be entitled to appear and be heard on the matter; and

(b) the Authority may seek and receive such information as it thinks fit, and consider information obtained from any source; and

(c) if the Authority proposes to take into account any information that is or may be prejudicial to the applicant’s case, the Authority shall first disclose that information to the applicant and give the applicant a reasonable opportunity to rebut or comment on it.

[Repealed]

After determining an application, the Authority shall—

(a) give written notice to the applicant of its decision, including the reasons for its decision in any case where it refuses to grant a licence or grants a provisional licence only; and

(b) where it has determined to grant a licence, issue the licence to the applicant on payment of the prescribed fee (if any).

An export licence expires at the end of the fifth anniversary of the date on which it was granted, unless the licence is revoked or cancelled earlier.

Nothing in subsection (6) limits or affects the ability of—

(a) the former holder of an export licence that has expired; or

(b) the holder of a current export licence,—

to apply for and be granted another.
37 Conditions of licences

(1) Every export licence shall be subject to—

(a) a general requirement that the licensee will carry out exporting operations in such a way as not to prejudice the current export marketing strategy for the product to which the licence relates; and

(b) such reasonable conditions as may be prescribed by the Authority relating to the keeping of such records and the furnishing of such information to the Authority as may be necessary to enable the Authority to carry out its functions; and

(c) in the case of a provisional licence, such reasonable conditions as the Authority may determine to be necessary or desirable having regard to the licensee’s lack of experience in international marketing or in handling export product.

(2) The Authority may at any time revoke or vary a condition imposed under paragraph (b) or paragraph (c) of subsection (1) after giving such notice to the licensed exporter as is reasonable in all the circumstances.

(3) A licensed exporter who is dissatisfied with any condition imposed under subsection (1)(b) or (c), or any variation of a condition under subsection (2), may, within 30 days of receiving notice of the condition or variation concerned, request the Authority to reconsider its imposition or variation of the condition, and if necessary afford the exporter a hearing.

(4) If the exporter requests a hearing on the matter, the Authority must appoint a time and place for the hearing and give reasonable notice of the appointed time and place to the exporter.

(5) For the purposes of any hearing under this section,—

(a) no person (other than the exporter and any person representing the exporter) is entitled to appear and be heard on the matter; and

(b) the Authority may seek and receive such information as it thinks fit, and consider information obtained from any source; and

(c) if the Authority proposes to take into account any information that is or may be prejudicial to the exporter’s case, the Authority must first dis-
close that information to the exporter and give the exporter a reasonable opportunity to rebut or comment on it.

(6) After hearing the exporter (or, if appropriate, considering the exporter’s submissions), the Authority—

(a) may confirm, revoke, or vary the condition or variation of condition concerned; and

(b) must notify the exporter in writing of its decision (giving reasons if the decision is adverse to the exporter).

Section 37(3): added, on 31 October 2003, by section 8 of the New Zealand Horticulture Export Authority Amendment Act 2003 (2003 No 117).

38 Additional conditions may be imposed where prejudice to export marketing strategy

(1) Where the Authority believes on reasonable grounds that—

(a) a licensed exporter is conducting, or has conducted, export operations (other than operations carried out in accordance with the conditions of an exemption granted under section 41) in such a manner as to prejudice the current export marketing strategy for the product to which the licence relates; and

(b) it is necessary or desirable to impose conditions on that exporter’s licence to prevent any repetition or continuance of that prejudice,—

the Authority shall inform the exporter in writing accordingly.

(2) Any written notice under subsection (1) shall specify—

(a) the operations in respect of which it is claimed that the prejudice to the export marketing strategy is occurring or has occurred; and

(b) the nature of any conditions that the Authority considers would be necessary or desirable to prevent any further prejudice; and

(c) a day by which the exporter may make submissions to the Authority on the matter, or request the Authority for a hearing.

(2A) The day referred to in subsection (2)(c) shall be—

(a) a day not less than 7 days after the day on which the notice concerned was served, if the Authority is satisfied (on reasonable grounds) that, in the light of—

(i) the manner in which the exporter concerned has conducted or is conducting export operations; and
(ii) the period for which the exporter has conducted or has been conducting those operations in that manner; and

(iii) the effect in the marketplace of the exporter’s conduct of those operations in that manner for that period; and

(iv) the total length of the export season; and

(v) the length of the export season remaining,—
